DETAILED ACTION

1. Applicant's amendment filed on November 30, 2007 has been entered. Claims 1-20 are pending. Claim 20 is newly added by the applicant.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Examiner's amendment was given in this office action for some minor typographical errors. Applicant recites in claim 9, wherein the limitation of "wherein said information stored in memory is processed by said authentication engine to generate **said real-time reference value**, and wherein said information stored in memory has not been modified if said memory reference value is identical to **said real-time reference value**." The term "**said runtime reference value**" should have been used; therefore, the above limitation will be replaced by the Examiner to include "wherein said information stored in memory is processed by said authentication engine to generate **said runtime reference value**, and wherein said information stored in memory has not been modified if said memory reference value is identical to **said runtime reference value**."

CLAIMS:

3. Please amend claim 9 as follows:

The electronic device as recited in claim 8, wherein said information stored in memory is processed by said authentication engine to generate said runtime reference value, and wherein said information stored in memory has not been modified if said memory reference value is identical to said runtime reference value.

Response to Argument

4. Applicant's arguments filed November 30, 2007 have been fully considered and are persuasive.

Allowable Subject Matter

5. Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: See Applicant's remarks filed November 30, 2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thanhnga (Tanya) Truong whose telephone number is 571-272-3858.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kim Vu can be reached on 571-272-3859. The central fax number for the organization where this application or proceeding is assigned is 571-273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 571-272-2100.
